Respected sir,

Greetings of the day.

Sir, with a heavy heart I am writing about a miss happening I have encountered. I was on long leave. I was expected and the doctor has advised me to be on bed rest since as I have complications with bicornuate uterus and ectopic left Kidney and thus I had complications in conceiving for which I was struggling for the past 9 years. After 9 years I was fortunate to get happiness and was completely under the monitoring of the doctor. By God's grace things were all under control but all of sudden unfortunately because of my complications I had a premature delivery and lost my child. This happened on 21st of November 2022.

Since this all happened untimely my physical and mental health is in a very poor and unstable condition. I was not even in a condition to follow the professional protocol and update the institute about my condition. I apologise for the same.

Sir, as per the doctors instruction I still need to be on bed rest for another month because the process was completely as a birth of child and few post complications like (Blood infection and kidney issue) so I am still on medication. It's my 11th year at PIMRG and I have always been appreciated as a sincere faculty. I complete my work with full dedication and thus if I join now and if I may not justify my work properly it will put me in a little more grief and thus I humbly request you to grant me leave (EL or maternity leave) till January 20th, 2023. I shall be resuming my work before/ on 21st of January 2023.

Institute has always been of great support to me. Looking forward for your kind consideration in my tough times. I shall be highly obliged for all the support and consideration.

Kind Regards !

Respected Sir,

Greetings of the day.

Sir, I am writing this to inform you that I am not keeping well for the past one week. Yet I was continuing my regular work considering that this will be routine fatigue. But before two three days when I have seen the doctor she has explained this is in regard with gynec and thus doctor has suggested me not to pursue the routine as usual and have to take an extra care.

I am in a dilemma and was not able to decide and thus writing to seek your suggestion if I am permitted to take a few days leave (Medical leave) till I get an approval from the doctor to return back to my normal work.

Sir, this is my 11th year at the prestige institute and I have contributed to the institute in all my best possible capacities. I shall keep doing the same in future also. I shall resume my work immediately as I get a little settled on my health grounds.

Looking forward to your kind consideration and support during this crucial phase of my life.

Regards!
